

dns.Name.Name

```
graph LR; A[dns.Name.Name] --> B[dns.Name.deserialize]
```

A diagram showing a call to the `deserialize` method of the `dns.Name` class. On the left, a gray rectangular box contains the text `dns.Name.Name`. A blue arrow points from the right side of this box to the left side of a white rectangular box on the right. This white box contains the text `dns.Name.deserialize`. Both boxes have a black border.

dns.Name.deserialize
